

PROCESS

REGISTRATION

- The registration process is fairly easy, merchant needs to provide KYC and bank account details.
- Merchant can directly register on the platform by downloading the merchant integration kit or MSS would register the merchant and provide the required credentials.
- Merchant can then assign terminals and can quickly start accepting payments by downloading and installing the application.

REWARD POINTS & REFERRAL

- If the merchant requires reward points to be provided to users, we can also provide that solution for them.
